

The World's Most Active Executives in Law & Legal on Social - February 2025

Industry at a glance:

Average Score: 18.21%	Total Companies: 249	Average No. Executives: 15
--	---------------------------------------	---

Why should you care?

Did you know that an executive's LinkedIn account has greater reach and impact than your corporate channels? Your leaders are a more trusted source of information for the audiences most important to your organization - your customers, prospects, and future employees.

Activated effectively, they have the influence to grow your share of voice, website traffic, inbound leads, and conversions.

LinkedIn states 64% of buyers say that thought leadership content is a more trustworthy basis for assessing a company's capabilities and competency than its marketing materials.

Plus, Brunswick's research shows that people prefer to work for leaders who use social media 4x more than leaders who do not!

So, how active are your executives on social? And how does this compare to the rest of your industry? Well, we've done the number crunching and listed the results below.
